## Automated Document Preparation

Quadiant's optional document automation software can add significant value by enhancing the formatting, personalisation, grouping, printing, barcoding, and addressing of your documents.

Ensuring every customer's mailing contains the right documents is more important than ever. Selectively pair your folder inserter with document automation and closed loop mailpiece verification software to gain efficiencies in your mailing and communications operation.

## Document Control and Security

Quadiant's exclusive CIS scanning device reads 1D Barcodes, 2D Data Matrix and QR codes. With this technology, the inserter control codes can be printed nearly anywhere on the document, providing you greater document layout flexibility and control.

# Your Mail Centre Assistant

## A Flexible Folder Inserter to Automate Document Processing

With the need to identify more efficient and productive approaches to drive business, organisations are always looking for ways to streamline processing of their business critical communications. Ideally suited for businesses that need to automate a wide variety of document sizes and types, the DS-95i folder inserter handles them all with ease.

DS-95i comes standard with barcode reading technology to automate variable-page jobs, incorporating another layer of security that ensures the right documents are always sent to the right person. Add Quadiant's powerful document automation and closed loop mailpiece verification software for even greater process optimisation and integrity.

## Visibility and Integrity

Businesses today face a multitude of regulatory issues and customer demands to guarantee the integrity of business communications. Failure to comply can negatively impact your brand reputation and may result in large fines, penalties or even lawsuits. The only way to avoid these risks is with a closed-loop document integrity solution. The DS-95i is compatible with Quadiant's **docsecure**, the only fully cloud-based, closed-loop solution that tracks document integrity at every step, providing comprehensive reports to prove compliance. It provides the highest level of mail piece integrity by tracking, recording, and reporting on the entire folding and inserting process, from start to finish.

## Business Impact

### Revenue Growth

Maximise opportunities to better communicate with customers

### Risk Mitigation

Ensure that every recipient receives the right mail piece

### Customer Engagement

Create your own professional looking mail pieces

### Expense Control

Maximise productivity thanks to speed and reliability

# DS-95i

## 1. High-Capacity Vertical Stacker

Preserves printing order and holds up to 500 finished envelopes so operators spend less time unloading.

## 3. Feeder Linking

Continuous operation is achieved by linking feeders. If one feeder runs empty, another one automatically takes over, allowing you to refill as needed until your job is complete.

## 2. Touch Screen Display

10" colour graphical interface makes DS-95i operation simple and intuitive.

## 4. Envelope Hopper

500-envelope capacity with on-the-fly reloading.

## 5. Automatic Collator

Collate and fold up to 10 pages together.

### SIMPLE AND INTUITIVE

The colour touch screen and automatic job setup make DS-95i exceptionally easy to use. Simply load envelopes and documents and the DS-95i will adjust all settings automatically and even save them to the memory for instant recall.

### VERSATILE AND EFFICIENT

The VersaFeeder is the ideal choice for running inserts, BRE's or even booklets up to 2.5 mm thick. This dedicated insert feeder holds up to 500 documents at a time and can be programmed to feed automatically or selectively feed on command.

## SPECIFICATIONS

Processing speed	Up to 4,300 envelopes / hour
10" Colour touch screen	Standard
Automatic settings	Standard
FlexFeed multi-format feeder	Standard
Multi-sheet feeding	Standard
Cascade from all feeder	Standard
Document and insert feeders	Up to 6
Full page CIS scanner	Standard
Barcode Recognition (BCR)	Standard
Optical Mark Recognition (OMR)	Standard
Job memory	50
Manual feed	Standard
High-capacity feeder	Up to 725 sheets (9kg)
FlexFeed capacity	325
MaxiFeeder capacity	1,200 sheets (9kg)
Fold types	Letter, z-fold, single, double parallel, no fold
Document height	88mm - 355mm
Document width	129mm - 228mm
Document weight	Minimum: 60g/m <sup>2</sup> - Maximum: 250g/m <sup>2</sup> Maximum when folded: 170g/m <sup>2</sup>
Envelope length	DL - C5
Envelope width	DL - C5
Maximum set thickness	2.5 mm
Accumulate before folding	Standard
Tip-to-tip sealing	Standard

### Options

Closed loop mailpiece verification software	Available
Short feeders	Available
Different exits: vertical stacker, side exit	Available
Automation software	Available
VersaFeeder Insert Feeder	Available

## WE'VE GOT YOU COVERED

Quadient maintains a network of offices across the country to provide local customer support and trained technicians who are ready to assist you. You can be confident that when you need knowledgeable support or expert service, the point-of-contact will be a Quadient office in your area consisting of a team of local professionals.
